

Solutions in Cell Line Development

19th April 2023 Agenda

09:00

- Meeting overview - Carmelo Trimarchi
- Scaling Up Cell Line Development with Molecular Devices - Paula Feinberg-Zadek
- ClonePix & CSI User - Natasa Skoko

10:45 Coffee Break

11:00

- DispenCell: Single-Cell Dispenser with immediate and traceable proof of clonality - Kristyna Sala
- How to accelerate synthetic biology workflows - Carola Mancini
- What is good automation? – Janet Graystone
- Edinburgh Genome Foundry (QPix application) - Rennos Fragkoudis

12:45 Lunch

13:30

Breakout: Instrument demonstrations & open door with scientists

- CSI & ClonePix
- DispenCell
- QPix XE

15:30 Break

15:45

Breakout: Instrument demonstrations & open door with scientists

- CSI & ClonePix
- DispenCell
- QPix XE

Final remarks

17:15 Meeting close
